

会议背景

从1996年我国成为原油净进口国以来，随着国民经济的高速成长，石油供应安全问题变得越来越严峻。为了保证持续和安全的石油供应来源，“走出去”战略已经成为中国国家能源战略的重要组成部分。在过去的十年多年来，中国石油企业在参与全球油气资源的竞争中取得了显著的成绩。但随着国际竞争格局的日益复杂，站在国家层面，展望能源工业发展趋势，开展中国与全球油气资源重点区域合作问题的研究，具有十分重要的战略意义和理论价值。

“第六届中国能源战略国际论坛”以“中国与全球油气资源重点区域合作：机会、挑战与趋势”为议题，论坛组委会十分荣幸邀请到十多位国内外能源领域的知名专家，围绕中国在全球范围内油气资源合作现状、方式、经验以及问题等方面展开讨论。

“中国能源战略国际论坛”以国内外能源领域前沿问题为主题展开深入探讨，为国内外政府、学者和能源企业提供了一个交流与沟通的高端平台，该论坛已经成功举办五届，得到了国内外政府部门领导人，知名专家学者以及大中型能源企业的大力支持，引起了很好的社会反响。

Background

With the rapid growth of China's national economy, the security of oil supply is surfacing as a more and more pivotal problem since China turned into a net importer of crude oil in 1996. The strategy called "Going Out" has become a significant constitution of China's national energy strategy. In the past decade, China oil companies have made great achievements in global competitions of oil and gas resources. However, patterns of national competition today are more complex than ever. On the national level, it is of great strategic significance and theoretical value to have an outlook on the trends of energy industry and to research the issue of corporations in oil and gas resources between China and global key areas.

The theme of "the Sixth International Forum on China's Energy Strategies" is "Petroleum Corporation between World and China: Opportunities and Challenges" Organizing Committee is of great honor to have invited to our forum a dozen of business leaders and experts. These government leaders and experts are going to discuss the conditions, challenge and trends of China's Cooperation in oil and gas resources with global key areas.

"International Forum on China's Energy Strategies" offers a great platform for both domestic and foreign governments, academia and energy companies to discuss frontier issues in the field of energy. The forum has been successfully organized for five sessions. Government leaders, eminent scholars as well as large and medium companies from both China and foreign countries have been very supportive to us, and we together have aroused good social repercussions.
