

Sino-Russian ASRTU Conference
Alternative Energy: Materials, Technologies and Devices

July 13-16, 2018

Ekaterinburg, Russia

Dear colleagues from ASRTU Universities!

Continuing development and spread of ASRTU activities has become a token of new breakthroughs in academic and technical research. It allows for conducting active bilateral training of highly qualified specialists, facilitates exchange of leading experts making significant input into the development of our countries. Association plays an important pioneer role in the development of the idea of Community of Common Destiny which is implemented by creating a bridge between Russia and China in the field of higher technical education.

According to ASRTU work-plan academic conference “Alternative Energy: Materials, Technologies and Devices” is scheduled for July 13-16, 2018. We invite representatives of the universities to participate in it!
